West Chester, Pa., company specializes in leasing and financing services

WEST CHESTER, PA. _Brandywine Capital Associates, Inc., a company specializing in equipment leasing and financing services, has entered into an innovative partnership with WebBank of Utah to provide greater funding options for businesses.

“Brandywine Capital Associates is a national company that helps lessor partners, financial institutions, and small and medium sized businesses set up, manage, and fund lease financing programs,” said Valerie Hayes Jester, President and founder of the company. “We believe our partnership with WebBank will significantly enhance the services we offer to our clients.”

Finding innovative solutions to the leasing needs of clients is a key to the success of Brandywine Capital Associates. “Our staff has many years experience in the leasing field and we know how to structure financing to benefit both the business client and the lending institution,” Jester said.

“Brandywine Capital Associates is a perfect fit for WebBank,” said Gerry Smith, President of WebBank. “We are a winning team. Leasing makes financial sense for so many companies across the country. Clients engaging WebBank and Brandywine Capital Associates have two solid professional organizations working to solve their leasing needs.”

WebBank is headquartered in Salt Lake City, Utah, and provides niche financing. WebBank services include making loans, issuing credit cards, and managing deposits that are federally insured. WebBank’s philosophy is to provide the personal touch, direct contact with management, quick decision making and flexibility paired with sophisticated financial solutions.
